Regarding the changes to Mining
Licences —

① It's a given - NO FOREIGN
MINING. Let the Australian
Government own the mines!!

② No matter what "stringent
rules", any breach of mining
rules is TOO LATE! The damage
is done & you can't REVERSE IT,

③ What a bloody joke —
Mining Companies will self
regulate!! Don't trust them.
FRANKENSTEIN in charge of the BLOOD BANK.

④ China et al. are laughing
at Australia. We are bloody
stupid in their eyes to roll
over! from Mel. Bathurst
