To Whom It May Concern:

Re: **Submission on Glenfield to Macarthur Urban Renewal Corridor**

Campbelltown and Airds Historical Society Inc. represent over 190 members. The Society aims to ensure that Campbelltown's Heritage is protected.

Campbelltown's heritage items are noted in Campbelltown City Council's CLEP 2014.

The Society requests that:

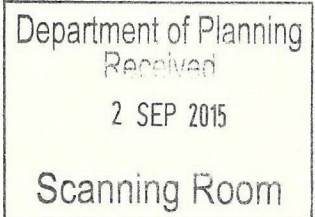

- All heritage items are both protected from demolition and loss of curtilage.
- Adjoining and surrounding developments take into consideration viewlines and shadowing.
- Beverley Park complex is protected from demolition or loss of curtilage due to the proposed extension of Beverley Road.

We ask that additional heritage items listed in Campbelltown Local Government Area Heritage review, dated April 2011, be included in addition to those noted in CLEP2014.

We trust you will give these requests your favourable attention.

Yours faithfully,

K. Hayes
President
