

Regional planning context and vegetation corridors

Australian Botanic Garden, Mount Annan - Location of vegetation corridor linkages

| Primary corridors | Reasoning |
|------------------------------|--|
| Linkages 1 and 2. | Provides a continuous link with the larger areas of bushland associated with the Nepean River; and has opportunities for rehabilitation, enhancement and/or improvement. |
| Secondary corridors | |
| Linkage 3, 4, 6, 7, 8 and 9. | Exhibits major constraints to fauna movement and provides limited connectivity. |
| Regional corridors | |
| Linkage 5 | Meets all requirements for a regional corridor. |
