79 Mandalong Close

Orchard Hills 2748 N.S.W

To Town Planner,

Regarding proposed rezoning in Mandalong Estate.

How can you rezone half the street and not the other?

If you want to rezone it should be for the whole street!

Stage one should not go through unless the whole estate is rezoned!

If we are not included we do not want stage two to go ahead,

Reasons being;

We did not buy in an industrial estate because we don't want to live in one!

We do not want to put up with the noise, dust and interruptions to our lives whilst the building is going ahead and extra traffic during and after construction.

The only way we would be happy to see this go through is if we are financially compensated and would move to an area where we still have the same lifestyle we have now.

Regards Matthew and Ciara Podesta
