This government shall be remembered for millennia as the government that destroyed public transport in the Hunter so they could pass land to property speculators.
This government tainted with serious corruption that will not be forgiven or forgotten by the Hunter electorate.
Destroying a couple of billion dollars of public property in the suburb of Newcastle cannot benefit anyone outside of those 3km in the remainder of the city or indeed the Hunter region.
The only practical future for the Newcastle suburb is in tourism and any other objective is forlorn to failure as has been demonstrated repeatedly and clearly this last quarter century..
