Ms Katherine Sharah  
Policy Officer, Regulatory Policy  
NSW Fair Trading  
Department of Finance, Services and Innovation  
Level 9, McKell Building  
Rawson Place  
SYDNEY NSW 2000

Dear Katherine

I refer to your email dated 16 December 2016, inviting Fire & Rescue NSW (FRNSW) to contribute to the consultation draft of the *Environmental Planning Assessment Amendment (Fire Safety and Building Certification) Regulation 2017* covering the NSW Government's proposed fire safety reforms.

Please find attached FRNSW's submission relating to the proposed fire safety reforms. FRNSW appreciates the opportunity to provide input into these important regulatory reforms and looks forward to continuing its close collaboration with DFSI and Department of Planning and the Environment to improve public safety in the built environment.

Should you have any queries regarding FRNSW's contribution, please contact Assistant Commissioner Mark Whybro, Director Community Safety at [Mark.Whybro@fire.nsw.gov.au](mailto:Mark.Whybro@fire.nsw.gov.au) or on (02) 9742 7156.

Yours sincerely

A handwritten signature in black ink, appearing to read "Jim Hamilton".

Jim Hamilton AFSM  
Interim Commissioner
