RE: Arncliffe- Banksia Precinct Plan (Release November 2016)

We, the undersigned would like to register my objection to the ill-conceived Arncliffe-Banksia Precinct Plan. The plan must ensure zoning changes to the area are proportional, considerate of the local neighbourhood and provide increased amenity for the local residents that will need to bare the burden of the increase in population. We seek that further consultation be extended with the local residents and that residents be advised of any proposals in a timely manner.
