

PCU069661

Dear Sir and/or Madam,

After speaking to Mr. Paul Robilard at a council information session for the Ingleside land release, it was suggested that we make a submission regarding a part of our property lot 171 Bungendore St. Ingleside. Accompanying aerial map highlights the portion in question, which is severed by a public thoroughfare and has always been zoned rural residential, we would like it to remain that way and not be included in the green conservation corridor.
