Dear Felicity Greenway,

Re: Proposed reforms: buildings with combustible cladding

We thank you for the opportunity for Strathfield Council to provide comment in respect to the above matter.

Strathfield Council agrees and commends the NSW Government's proposed reforms in relation to buildings with combustible cladding.

Strathfield Council requests the following to be considered:

- The Secretary of the department of planning also gives directions to owners of buildings with combustible cladding;
- The Secretary establish and maintain a register of buildings with combustible cladding;
- Future buyers are made aware if the building has combustible cladding. Such information should be available and attached to a contract of sale.

If you would like to discuss this matter further, please contact Council's Compliance and Development Officer, Roberto Giglio on 9748 9659 or email roberto.giglio@strathfield.nsw.gov.au
