Re: West Schofields Draft Indicative Layout Plan – Public Exhibition

The Department of Education (DoE) welcomes the opportunity to review the draft Indicative Layout Plan (ILP) for West Schofields dated June 2018 and provides the following comments:

1. Location of the Proposed Primary School

The ILP identifies a centrally located primary school site adjacent to council open space which will allow for future joint and shared use opportunities with Blacktown Council. The site is well positioned in relation to street access and presence in the West Schofields community.

2. Zoning

The department requests that the school site be zoned Special Purpose (SP2) in order to provide greater certainty for acquisition of the site in the future.

3. Timing for the Proposed School Site

The future provision of a primary school will be highly dependent on the number of school age children residing in the local area and the capacity of adjacent education infrastructure.

If you require any further information please contact Lesley Moodie, Director Schools Planning on 0455 092 337 or email: lesley.moodie2@det.nsw.edu.au.

Yours sincerely
