Director, Housing Policy
Department of Planning and Environment
GPO Box 39
Sydney NSW 2001

Dear Sir/Madam

Re. Proposed amendment to State Environmental Planning Policy (Affordable Rental Housing) 2009

Thank you for providing Randwick City Council the opportunity to comment on the proposed amendment to the SEPP which seeks to limit the number of boarding house rooms (of no more than 12 rooms) within the R2 Low Density Residential zone.

We note that the proposed amendment to the SEPP is the second amendment made to the SEPP this year. On 1 June 2018 car parking standards for boarding houses were amended. Council has on numerous occasions requested that the Department of Planning and Environment (DPE) undertake a comprehensive review of the SEPP to better deliver on the planning policy's objectives.

This is in response to a review of the SEPP undertaken by Council in June 2017 and its impacts within the suburbs of Randwick. Council's review demonstrated the strong take up of the new generation boarding houses under the SEPP with more than 550 boarding house rooms approved over a six year period since the SEPP was introduced in 2009. It also found that the rents being charged for these boarding house rooms (up to \$550 per week) demonstrate that these rents are not delivering genuine affordable rental housing as the SEPP intended.

The marked increase in the number of new generation boarding houses in the area has generated significant concerns by the community which mainly relate to streetscape impacts; demand in parking; increasing density by stealth; and the inequity of providing a FSR bonus which exceeds the environmental limits as set by the Local Environmental Plan.

While it is noted that the proposed amendment to the SEPP is in response to concerns around the built form of boarding houses in low density residential areas, these developments may still be considered out of character for many low density areas within Randwick. More than 40% of all boarding house developments approved within Randwick contain 12 or less boarding house rooms located across the R3 Medium Density Residential, R2 Low Density Residential zone and Neighbourhood and Local Centre zones in accessible areas to the north of the LGA.

The findings of Council's own initiated review has been invaluable to help inform policy responses and it demonstrates the importance of monitoring this type of development under the SEPP. However, tracking and monitoring of development under the SEPP by councils is resource intensive and we believe that the DPE is better placed to undertake this role. Particularly since development under the SEPP contributes to housing stock which is not currently counted for by the Department. As such we request that the Department undertake a comprehensive review as requested by Council and monitor development under the SEPP to better inform future policy decisions.

Please do not hesitate to contact Elena Sliogeris Coordinator Strategic Planning, on 9093 6961 should you require any further information and/or clarification.

Yours sincerely

Alan Bright
Manager Strategic Planning
