This is why the Liberal Party is "on the nose". I am an 86 year old self-funded retiree, and we get "next to nothing" in concessions, also still pay Tax, whereas pensioners get everything. All my friends are pensioners, some having had two incomes for years. You encourage people to "do something" with their money, so they can become pensioners. This is not what the pension was intended for.

Here in Macarthur, where I live, the Liberals have done many "silly" things. You closed our RTA office in Ingleburn, & opened a massive Service Centre at Gregory Hills, to which there is no public transport. Most inconvenient, as the way is hardly sign-posted.

Now, you are intending to close Hurlstone Ag. High School, where our three boys attended & received a good education. Students from Macarthur will not travel to Hawkesbury to study Ag., & that will cut down the number of students in this area, seeking to become agriculturists.

Also, you are placing too many people in Western Sydney. The roads can't cope, & many people spend hours on the roads getting to & from work. Also, we suffer trains that are not air-conditioned for nearly our journey.

Why... self-funded retirees have to pay tax, when we do not cost the gov. a penny to live on???

I have been a Liberal supporter since age 15 years, but I'm afraid I could not vote for P.M. Turnbull. He is a person you should get rid of - more Labour than Liberal.

I hope this protest brings some help for self-funded retirees, whose income is severely cut by low interest rates & stock market losses. Yours in protest, Ellen Dawson.
