- Cleaning, repairs and styling should be completed beforehand
- Outdoor scans depend on weather and permit approvals

How to prepare for your Matterport scan

To help your home look its best, it's important to have everything ready before your photographer arrives. Our team will capture the property exactly as it is on the day, so a little preparation goes a long way.

Recommended pre-scan checklist to ensure your home is ready

- ☐ Declutter surfaces (benches, tables, shelves)
- ☐ Remove rubbish bins and visible clutter (inside and outside)
- ☐ Arrange furniture as desired
- ☐ Move vehicles out of the driveway
- ☐ Remove personal items (e.g. family photos)
- ☐ Tidy lawns and gardens
- ☐ Make beds and fluff cushions
- ☐ Keep people and pets off-site during the shoot (incl. pet beds, bowls and litter trays)

On the day, our photographer can assist with small adjustments such as

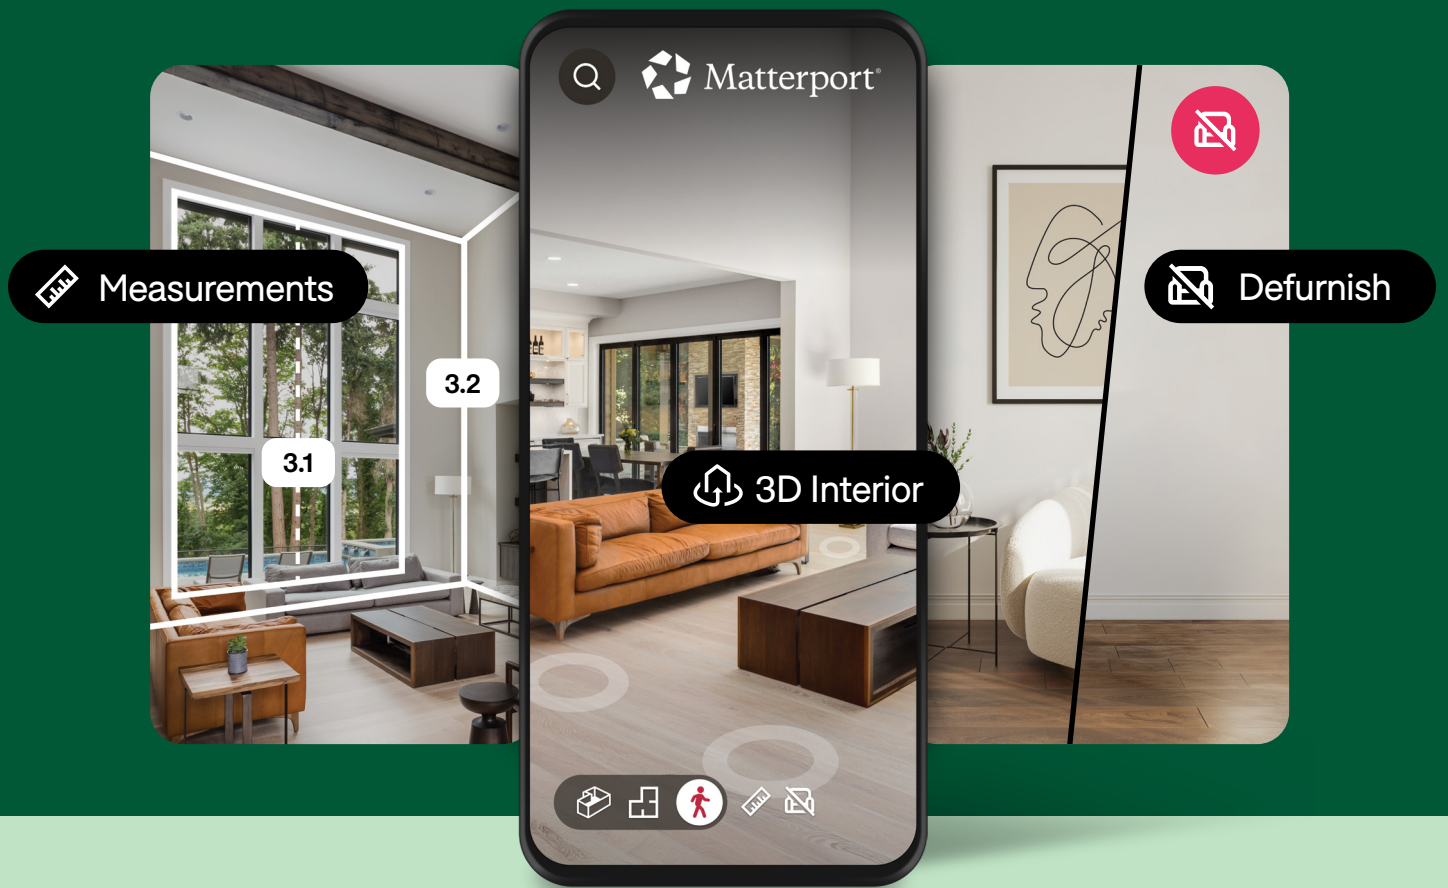

- ☒ Turn on lights and open blinds
- ☒ Turn off TVs and screens
- ☒ Close washing machine & toilet lids
- ☒ Tuck away visible cables

How long your Matterport scan will take

Most scans take between 1–5 hours depending on the size of the home. Your agent will confirm the duration of your scan ahead of our visit. For approximate times, please refer to the table below.

Property size	Estimated time on site	Number of bedrooms
0 - 235 sqm	1.5 hours	1 - 3 bedrooms
235 - 560 sqm	3 hours	3 - 5 bedrooms
560 - 930 sqm	4.5 hours	5 - 6 bedrooms
930+ sqm	Full day (8 hours)	6+ bedrooms
