

# Basterfield Park Playground North upgrade

We've got a plan for play! Council is investing \$10.3 million over 10 years to upgrade every playground in Bayside.

In 2017 we sought community input on upgrading Basterfield Park Playground North on Kelsall Court. Now's your opportunity to let us know whether we got the design right.

We'll be at the playground to hear your feedback on the new design -

**Saturday 12 May from 10am–10.30am**

Or have your say online at

**[bayside.vic.gov.au/haveyoursay](http://bayside.vic.gov.au/haveyoursay)**

The new playground design reflects its location close to Basterfield Park Lake and surrounding wetland reserve.

#### **New play equipment**

- A giant climbing tunnel
- An all accessible spinner and smaller "cattail" spinners
- A new swing bay including large basket swing
- New crocodiles to jump on
- Musical play equipment including giant chimes
- New safe, rubber playground surfaces.

#### **Landscaping improvements**

- New landscaping and native planting.

The existing shade sail, trees and access paths will be retained.

#### **Feedback closes**

5pm Friday 25 May 2018.

#### **More information**
