It's time to refresh our Community Plan

It is time to update our Community Plan to keep it current and relevant to the changing needs of our community.

Our Community Plan leads everything we do - it guides our plans, strategies and actions.

In 2016 we launched our existing Community Plan with the shared vision: **Charles Sturt - A Leading Liveable City.**

We created five themes to guide us, they are:

- **Our Community** - a strong and connected community
- **Our Liveability** - a liveable city of great places
- **Our Environment** - an environmentally responsible and sustainable city
- **Our Economy** - an economically thriving city
- **Our Leadership** - a leading and transformational local government organisation.

We have achieved a lot over the last four years including these highlights:

- Revitalising St Clair Recreation Precinct
- Rebuilding the West Beach rock wall
- Reinventing our reserves
- Reducing flooding - Port Road drainage project
- Reimagining the future of our libraries
- Reinventing our reserves such as Point Malcolm Reserve and MJ McInerney Reserve
