

Outdoor Education Centre at Byron Northview Public School

SW
021

Idea Summary

The outdoor education centre would include: teaching platforms and seating, natural elements used for hands-on learning, a stage, raised gardens, natural features, fitness-and-balance elements and an outdoor chalkboard.

Cost Summary

Outdoor Education Centre -
\$30,000

Community Impact

This space will become a valuable learning area, a source of pride for the school and community, as well as a valuable learning and aesthetic neighborhood asset after school hours and during the summer.
