

Terms of Reference

The Terms of Reference (ToR) is the first step in the Environmental Assessment (EA) application process for the expansion of the W12A Landfill. It is a framework or work plan for the subsequent preparation and evaluation of the EA.

The City of London will draft the ToR in consultation with local residents, businesses, the Waste Management Community Liaison Committee, W12A Landfill Public Liaison Committee and other stakeholders.

The ToR identifies:

- The proponent (the City)
- The proposed project
- Previous studies and activities detailing the rationale for the proposed project and the alternatives considered
- Studies required to describe existing environmental conditions
- Methods to estimate and assess potential effects of the project on the environment
- Alternative methods (landfill expansion options) for implementing the project
- Public engagement activities throughout the ToR preparation process and how consultation will be conducted during the EA
