Idea Proposal Guidelines – Neighbourhood Decision Making

Idea proposals should:

- Involve and empower members of the neighbourhood and demonstrate broad-based and diverse participation in the project process
- Be originated, planned and put into action by the neighbours and community members who will be affected by the project
- Occur within the city limits and be on public land that is accessible

Idea proposals may achieve any of the following outcomes:

- Improve neighbourhood safety, participation and mobility
- Beautify the neighbourhood
- Improve community connections and understanding between neighbours
- Encourage diversity and inclusion
- Enhance or expand green space

Generally, idea proposals should not:

- Delay or cancel projects that are part of Council's approved multiyear budget,
- Fund permanent staff positions,
- Pay for a project on private property, unless it is totally accessible to the public
- Substitute funding lost from other sources of money,
- Reimburse an organization's operating expenses not directly linked to the awarded project
- Reimburse out-of-London travel expenses or any accommodation expenses
- Pay for expenses or financial commitments undertaken prior to the organization being under contract with the City of London
- Fund any alcohol, tobacco or gambling expenses
- Fund website development
- Contribute to fundraising revenue for projects
