The City of London is seeking community input on the draft Proposed Terms of Reference (ToR) Report for the proposed expansion of the W12A Landfill. The ToR is the work plan for completing the required environmental assessment. The draft ToR Report will be available for public review until June 8, 2018 on the project website (getinvolved.london.ca/WhyWasteDisposal) and at the following locations:

The W12A Landfill is currently expected to reach its currently approved capacity by 2025. The expansion would provide 25 additional years of landfill capacity for residents and businesses. Following the review period, the draft ToR Report will be updated by the City to address comments received and will be submitted to the Ontario Ministry of the Environment and Climate Change for approval as the next step in the formal review process.
