

M41 Merri Creek to MCG Water Main Renewal Project

Construction update May 2019

The M41 water main supplies drinking water to over 350,000 residents and businesses in Melbourne's inner suburbs. It runs from Merri Creek, Northcote to Wellington Parade, East Melbourne. The existing 100 year old water main is deteriorating and needs to be replaced to prevent leaks which have created significant community disturbance during emergency repair works.

Closure of the intersection of George Street and Chapel Street, Fitzroy.

The M41 Water Main Renewal Project will return to upgrade storm water drainage in the vicinity of the recently constructed main at the intersection of George Street and Chapel Street, from **Tuesday 4 June 2019**.

The project team will excavate and install a short section of storm water drain to complete the upgrade.

- George Street and Chapel Street will be closed to through traffic at the intersection.
- Pedestrian access will be maintained at all times.
- There will be no interruption to the water supply for residents and businesses.
- Access to parking will be minimally affected.

The project anticipates reopening the George Street and Chapel Street intersection to all vehicles by **6pm Friday 7 June 2019**.

Traffic detours

There will be local traffic management and detours in place during working hours. Our traffic controllers will be on duty at each work location to ensure traffic and pedestrians can navigate around our worksite safely during working hours. Please follow the signage and direction of our traffic controllers and allow extra travel time.

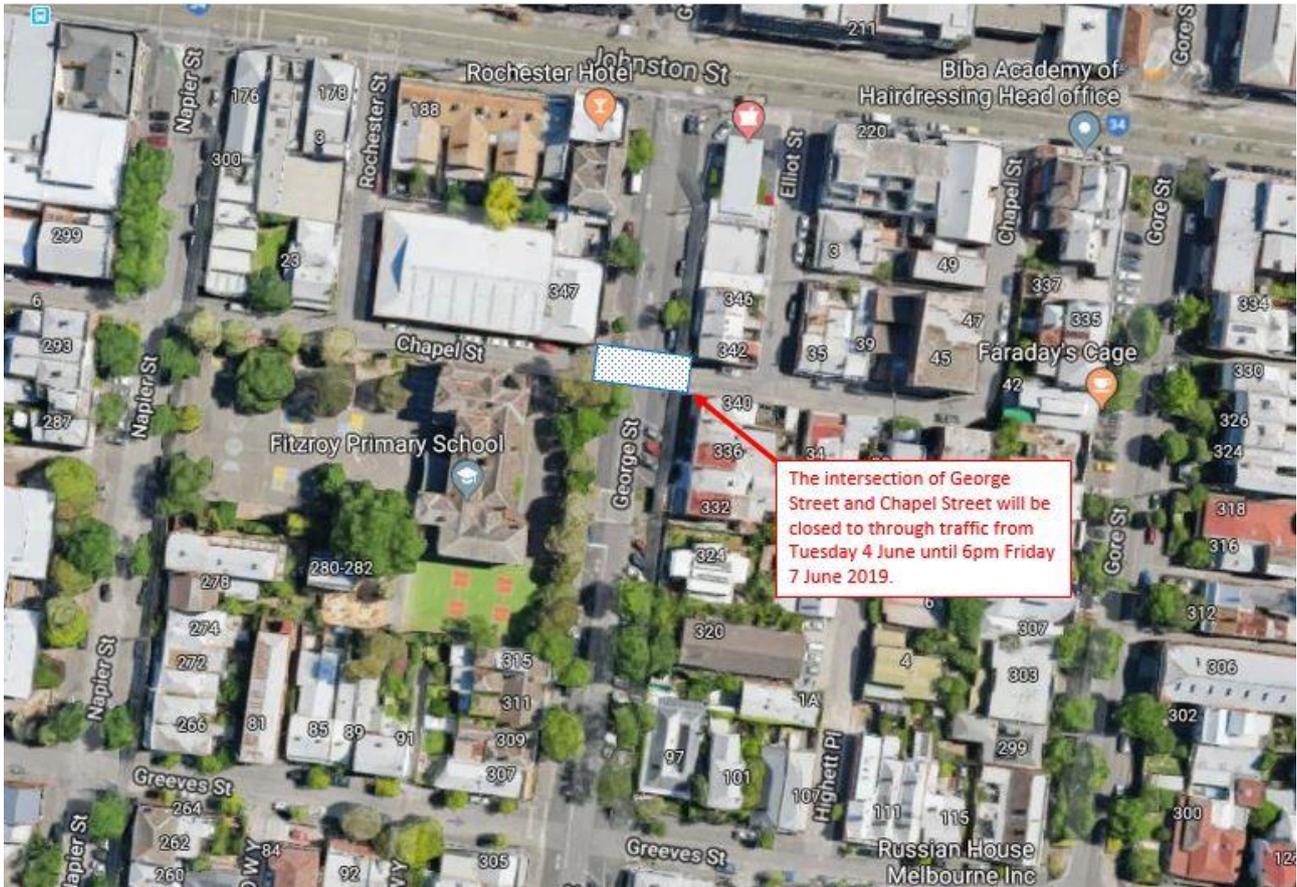

What can you expect

- Site establishment with temporary barriers to delineate the work zone
- Temporary changes to on-street parking and traffic conditions
- Temporary lane and road closures and changes to the speed limits near work areas
- Noise from various construction plant, vehicle and construction activities
- Dust and vibration
- Increased construction vehicle movement in the local area

Construction hours

These works will be performed during the day between **7am to 6pm Monday to Friday** and **Saturday between 9am to 3pm**.

Location of works:
