## **New Form submission on Help us shape the final 10-year strategic plan for the Yarra River**

Hi [YarraStrategicPlan@melbournewater.com.au](mailto:YarraStrategicPlan@melbournewater.com.au)

There has been a submission on [Help us shape the final 10-year strategic plan for the Yarra River](#) through Engage Victoria

A copy of the submission is provided as below:

### **Part 1: Working toward the Community Vision**

#### **1a. Do the four, 10-Year Performance Objectives adequately reflect the 50 Year Community Vision?**

Somewhat

#### **1b. Please outline your reasoning for this opinion (optional)**

I have read plan and attended several workshops, as a representative of Plenty River Forum. I was enthusiastic and welcoming of the process and opportunity to contribute and felt they were very well conducted and inclusive. However I have been ambivalent in responding and I have a general feeling of being 'underwhelmed' by the plan. I was having difficulty putting my thoughts into words - initially wondering if was I being too precious, as I felt there was a vagueness in the objectives alongside a sense of 'too much spin'. I have recently seen the Yarra Riverkeeper key points and found they resonated strongly with my thinking so i would endorse them.

**2a. Are the actions identified to deliver the 10-Year Performance Objectives achievable, realistic and measurable?**

Somewhat

**2b. Please outline your reasoning for this opinion (optional)**

Again I am ambivalent - I am familiar SMART objectives and believe this would far sounder approach.

**3a. Which specific actions do you think will be easiest or most challenging to deliver?**

**3b. Why do you think this?**

**4. What do you/ your organisation think is the greatest opportunity the Yarra Strategic Plan presents? Please rank the following statements in order of importance from 1 -4**

Improving water quality of the Yarra River and protecting land, floodplains and billabongs - 1

Acknowledging, protecting and commemorating the rich heritage of the Birrarung - 2

Improving the river's parklands to support community wellbeing - 3

Protecting the significance of the Yarra River's landscapes and views - 4

**5. Do you feel the draft Yarra Strategic Plan has put appropriate actions in place to ensure delivery on the aspirations of Traditional Owners?**

Unsure

**6a. Are there key priority areas of land you think should be added to the parkland network along the Yarra River?**

Yes

**6b. If you answered Yes, where are these key priority areas of land and why do you**

**think they should be added?**

southern end of Rosanna Golf Course

## **Part 2: Land Use framework**

**7. The Land Use framework aims to put the Yarra River at the heart of future planning and development decisions. What is your / your organisation's view about the Land Use framework?**

**8a. Do you believe the Land Use directions will support the 50 Year Community Vision?**

**8b. Why do you think this?**

**9a. Do you agree with the Land Use directions for the Yarra River?**

**9b. Please outline your reasoning for this opinion (optional)**

**10a. Do you believe that the 13 significant places identified for the river corridor reflect the most regionally significant locations?**

Somewhat

**10b. Why do you think this?**

I know my patch but cant comment on other areas with any authority. I would like to see more emphasis on two key tributaries - the Diamond Creek and Plenty River - and I feel the holistic all of catchment approach incorporating tributaries is important.

**11. Do you agree with the opportunities identified for the significant places that you connect with?**
