

M41 Merri Creek to MCG Water Main Renewal Project

Construction update February 2019

The M41 water main supplies drinking water to over 350,000 residents and businesses in Melbourne's inner suburbs. It runs from Merri Creek, Northcote to Wellington Parade, East Melbourne. The existing water main is almost 100 years old and deteriorating and needs to be replaced to prevent leaks which have created significant community disturbance during emergency repair works.

Reinstatement of Falconer Street

On **Monday 4 February 2019** we will begin the permanent reinstatement of the road surface on Falconer Street between Scotchmer Street and Mark Street.

The works will be performed in two stages:

- **Scotchmer Street to Woodhead Street - Monday 4 to Friday 8 February 2019**
- **Woodhead Street to Mark Street - Monday 11 to Friday 15 February 2019**

We will reopen the roadway as each section is completed.

Temporary changes to on-street parking, off-street parking and vehicle access to driveways

There will be no on-street parking and no vehicle access available within the work zone while the works are undertaken. This includes temporary loss of vehicle access to driveways and off-street car parks from Falconer Street.

Please keep in mind that because of these temporary road closures, there will be limited on-street parking available in neighbouring streets for both residents and businesses. The project will reopen the road as soon as it is safe to do so.

Traffic detours

There will be local traffic management and detours in place during working hours. Our traffic controllers will be on duty to ensure traffic and pedestrians can navigate around our worksite safely during working hours. Please follow the signage and direction of our traffic controllers and allow extra travel time.

What can you expect

- Site establishment with temporary barriers to delineate the work zone
- Temporary changes to on-street parking and traffic conditions
- Temporary lane and road closures and changes to the speed limits near work areas
- Noise from various construction plant, vehicle and construction activities
- Dust and vibration
- Increased construction vehicle movement in local area.

Construction hours

These works will be performed during the day between **7am and 6pm Monday to Friday** and **Saturday between 9am and 3pm**.

Keep up to date with what's happening
