

M41 Merri Creek to MCG Water Main Renewal Project

Reminder: City West Works to start on George Street, Fitzroy

City West Water and Melbourne Water are working together to upgrade an additional smaller water main also running along George Street, which is owned and operated by your water retailer, City West Water. This water main was installed in 1885 and supplies water directly to you and your neighbour's properties. The main is reaching the end of its service life after 130 years and needs to be replaced to ensure ongoing reliability of your water supply.

This update provides information about the City West Water renewal works on George Street from Charles Street to Webb Street, Fitzroy. **Works will be commencing from Monday 17 September 2018.**

Location of upcoming works from Monday 17 September 2018

What can you expect

- Site establishment with temporary fencing erected to delineate the work zone
- Temporary loss of vehicle access to driveways and off-street car parking on George Street
- Temporary changes to on-street parking and traffic conditions
- Temporary lane and road closures and changes to the speed limits near the work area
- Noise from various construction plant, vehicle and construction activities
- Dust and vibration
- Increased construction vehicle movement in local area

Traffic detours

There will be local traffic management and detours in place during working hours. Our traffic controllers will be on duty at each work location to ensure traffic and pedestrians can navigate around our worksite safely during working hours.

Please follow the signage and direction of our traffic controllers and allow extra travel time. We encourage you to familiarise yourself with these temporary traffic changes as there are some temporary traffic directional changes whilst the works are undertaken.

These temporary changes may be in place for a period of up to 4 weeks, weather permitting. The project will reopen up the road as soon as it is safe to do so.

Construction hours

These works will be performed during the day between **7am to 6pm Monday to Friday** and **Saturdays between 9am to 3pm**.

If you experience any issues or unplanned disruption to your water supply, please contact Interflow's 24 hour faults and emergencies centre on 9212 6700 or Mick May on 0438 275 092

Keep up to date with what's happening
