

# HVNL Review – Expert Panel

## Meeting Record

Melbourne, 20 September 2019

---

### Participants

---

Chair: Peter Harris

Members: (Dial-in) - Andrew Ethell, Sharon Middleton

NTC: Paul Davies, Tania Wilson

Apologies: Gary Liddle, Gary Mahon, Louise Bilato

### Agenda Items

---

1. Where to from here – summary of outcomes and potential policy options
    - Panel members noted that the final issues paper (moving to a better law) will not be released and that the content will be rolled up into the summary of outcomes. The essential elements of this paper will be reflected in the potential policy options to be explored publicly in the next couple of months.
    - NTC advised that the summary of outcomes will be progressively released onto the microsite once the relevant consultation period for each issue paper has closed. These summaries will be used to develop potential policy options, in partnership with different stakeholders.
    - **GUIDANCE NOTE 8.1:** For issues where consultation has closed, the panel endorsed getting substantive ideas on potential policy options out to the public (in short bursts of information) for critical comment by mid to late October.
  2. Expert Panel Advice to Ministerial Council Meeting – 22 November 2019
    - The Chair advised panel members that advice to ministerial council should be drafted by end of October / early November, pending NTC releasing potential policy options to the public.
  3. Other business / next meeting
    - **ACTION 8.1:** NTC to circulate the summary of submissions on the access issues paper to panel members.
    - **NEXT MEETING:** Tuesday 22 October at 10.00am
-
