

HVNL Review – Expert Panel

Meeting Record

Melbourne, 22 October 2019

Participants

Chair: Peter Harris

Members: Andrew Ethell, Sharon Middleton, Gary Liddle
(dial-in) Gary Mahon, Louise Bilato

NTC: Paul Davies, Tania Wilson

Agenda Items

1. Expert Panel Advice to Ministerial Council Meeting – 22 November 2019
 - The Chair advised panel members that advice to Ministerial Council would be drafted in the week of 4 November 2019. This will allow time for the advice to more accurately reflect the panel's view on suggest policy options and the public comment process.
 - **ACTION 9.1:** That members be available to provide input into the advice via email in the week beginning 4 November and that the Chair finalise the advice by 8 November 2019
 2. Summary of outcomes and suggested policy options (SPOs)
 - Panel members noted that the summary of outcomes webpage is now live and that several SPOs have been released for public comment. More information and SPOs will be added to the webpage over the next two weeks.
 - **ACTION 9.2:** NTC to advise members as further information and SPOs are added to the webpage.
 - It was noted that jurisdictions have not generated SPOs for public comment and may not do so. Panel members were of the view that this was a missed opportunity for jurisdictions to test possible options with broader stakeholder groups.
 - The chair noted that panel members could provide comment on public SPOs or generate their own SPOs as individual expert panel members
 - The NTC also provided draft SPOs to the panel for feedback.
 - **ACTION 9.3:** Panel members to provide feedback to the NTC on draft SPOs by COB 23 October 2013.
-
