Working Group dinner and activity: 7.05pm Manly Town Hall

Working group members reviewed the input to the Manly LSC forum (closed online tool to share visual and written ideas). Input was themed and a discussion was had between the group members focused on these themes:

- use of facility
- innovative design
- finishes
- types of architecture
- sustainability
- internal space.

Working group members were encouraged to continue to use the forum and add their ideas and feedback from their respective community groups.

Update on design consultant appointment process: 7.55pm

Project Manager, Eliza Halsey gave an update on the appointment of the design consultant, advising that the first stage tender had closed and the tender submissions were currently being reviewed by the Evaluation Committee.

Eliza expressed to the group the importance of their input in finalising the scope of works for the second stage tender.

The meeting closed at 8.10pm
