Table 1	Table 2
Lift	Merchandise store/retail space – maximise exposure
Public access facilities	Museum
Public lockers	Bank of lockers – secure option for belongings
8-10 outdoor cold showers away from club	Open design - engaging
Move the Club boundaries North – extend North	Business space – conference space, opportunity for casual hire
Museum	Restaurant – community more engaged with the club
No public bar	Need to meet the needs of storage/ functionality as a priority to development
Members room to be inclusive	Change pinch point
No restaurant	Important for community to engage with the space
Direct access to beach from surf club	Hot showers in public amenities
Pinchpoint	Community function space i.e. Yoga/Tai Chi
Infrastructure in building for paid hot showers – RFID chip for example	Need for lifeguards to be more visible

Extend the walkway/pathway over the beach to provide shade on the sand underneath	Open to the community who are not necessarily SLSC members
	Community access
	Disability Access – compliant with the Disability Discrimination Act
	Beach access – all ability
	Sympathetic with the environment
	Encroachment onto beach – connection between beach and foreshore needs to be considered
	Youth opportunity for food option
	Quality amenities
	Easy to clean facility
	Signage – amenities and lifeguard
	Move lifeguards to a more prominent area
	Revenue stream – Club or Council?
	Disability access for members and public

The following were noted as being out of scope of the project at this time

'no parking' on Eastern side of to provide drop off	Art activation
