

Neighbourhood 6 / South Melbourne - Public Space Opportunities

LEGEND

- ⋯○⋯ Tram line & stops
- ▭ Domain Precinct Masterplan Area
- ▭ Albert Park Masterplan Area

EXISTING CONDITIONS

Public Spaces

- ▭ Parks
- ▭ Urban spaces
- ▭ Contributory public space
- ▭ Gaps in access to public space
- ➔ Key walking route

Contextual Places

- ▭ Activity centre
- ▭ Schools & community facilities
- ▭ Other places

COMMITTED PROJECT*

- 1 Shrine to Sea - enhanced walk/bike connection between new Anzac Station and Bay, including art and play spaces (Victorian Government Project)

EXISTING IDEA - COUNCIL STRATEGY

- 2 Yarra Place - potential 'destination' laneway (activated public/shared space)

NEW IDEAS

- 3 Current 'gap' in public space network - consider ways to improve access e.g. current road space
- 4 South Melbourne Market - potential to convert road space (temporary or permanent) to extend public space/improve accessibility of market
- 5 Eastern Reserve North - potential to convert road space to extend park
- 6 Fishermans Bend - maximise connections between public spaces in South Melbourne and Fishermans Bend
- 7 Freeway undercroft - consider opportunity for informal recreation e.g. half courts, hit-up walls, climbing walls
- 8 Emerald Hill and Park Towers estates - improve integration of open spaces within housing estates with surrounding neighbourhood
- 9 South Melbourne Town Hall forecourt - improve as civic community space

- * Integrate use - public space co-located with community facilities

- ⋯➔ Enhancement of walking route/green-link

- ▬ Shopping street enhanced activation/pedestrian amenity
