**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** I am a resident of Yarra Edge and I am opposed to this bridge because of the following reasons: Loss of lifestyle that we worked so hard to have , devaluation of our property , increasing traffic in the area , marina viability , Noise and Visual pollution, Wildlife Disruption , Environment and loss of the Community ties we had created . For this reasons I strongly advise the Fishermans Bend Planning Review Panel to recommended that draft planning scheme amendment GC81 be opposed and to seek an alternative to the transport needs of Fisherman Bend. Thank you for the opportunity to be able to respond to your draft frame work . Regards Jesus Leyva Infante
