Dear Sir/Madam

**Review of the Native Vegetation Clearing Regulations**

The Rural City of Wangaratta Council has considered the review of the Native Vegetation Permitted Clearing Regulations and requires clarification on the following point relating to the exemption regarding directions notices issued under the CALP Act:

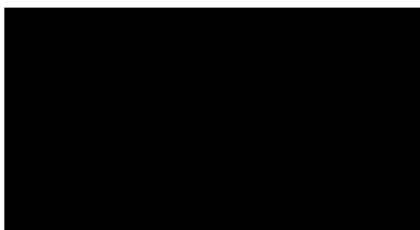

***The requirement to obtain a permit to remove, destroy or lop native vegetation does not apply to:***

***“Land management or directions notice - Native vegetation removed, destroyed or lopped to the **minimum extent necessary** to comply with a land management or directions notice served under the Catchment and Land Protection Act 1994.”***

Is this exemption tenure specific and can it apply to directions notices issued to public land managers?

If you have any further queries relating to the above matter please do not hesitate to contact me on [REDACTED]

Yours sincerely

[REDACTED]
