**SCHEDULE 1** TO CLAUSE 37.04 CAPITAL CITY ZONE

Shown on the planning scheme map as **CCZ1**, **CCZ4**.

**FISHERMANS BEND URBAN RENEWAL AREA**

**Purpose**

To implement the *Fishermans Bend Vision, September 2016* and the *Fishermans Bend Framework, XX 2018*.

To create a world leading sustainable area that incorporates sustainable transport patterns and best practice sustainable design into all developments.

To create a highly liveable mixed-use area that prioritises employment uses over residential uses, within core areas well serviced by public transport.

To achieve the population targets, job growth and residential densities within each precinct of Fishermans Bend and enable a scale of growth that is aligned with the provision of infrastructure.

To require a public benefit where the scale of growth exceeds planned infrastructure provision. To provide public benefits where the scale of development exceeds nominated Floor Area Ratios.

To support the continued operation of existing industrial uses which facilitate the urban renewal of Fishermans Bend and to apply the agent of change principle to ensure that new development for sensitive uses incorporates measures to mitigate potential amenity impacts from those industrial uses.

**Table of uses**

**Section 1 - Permit not required**

<table>

Pleasure boat facility

2.0 Use of land

The use of land must be generally in accordance with the Maps #8af1 this schedule.
Use of the land for a dwelling must not exceed:
•  The Dwelling Floor Area Ratio specified in Table 1 in a core area
•  The Floor Area Ratio specified in Table 1 in a non core area
except where an agreement made under section 173 of the Planning and Environment Act
1987 has been entered into between the landowner, the Responsible Authority and the local
council (if not the Responsible Authority) which provides for a Public Benefit.

These requirements does not apply to an application for the use of land in accordance
with a planning permit for buildings and works issued before the approval date of
Amendment GC81.

Application requirements

The following application requirements apply to an application for a permit under Clause
37.04, in addition to those specified in Clause 37.04 and elsewhere in the scheme and must
accompany an application, as appropriate, to the satisfaction of the responsible authority:

•  An application to use the land for a dwelling, residential village or retirement village
    must be accompanied by a report which addresses:
    •  How the proposal contributes to an activated frontage
MINISTER FOR PLANNING PART C
PORT PHILLIP [PPPS] MELBOURNE [MP3] PLANNING SCHEME
COMBINED CCZ - REASON-PANEL CONSOLIDATED DRAFT VERSION

BASED ON MINISTER’S PART A VERSION WITH PARAGRAPH NUMBERS ADDED

- How the proposal achieves the dwelling density of the Fishermans Bend Urban Renewal Local Policy, including an assessment of the composition and size of dwellings proposed. (CZ 1.09)
- How the proposal contributes to the job growth targets and employment floor area set out in the Fishermans Bend Urban Renewal Area Local Policy. (CZ 1.09)

- An application to use land for accommodation, a dwelling, motel, residential aged care facility, a residential hotel, residential village, retirement village, hostel, child care centre, education centre or informal outdoor recreation use on land that is within 300m from 223-233 Boundary St, 310-324 Ingles St and 209-221 Boundary St, Port Melbourne [MP3] on land which does not meet the threshold distance from industrial or warehouse uses referred to in the table to in Clause 52.10 [PPPS], or that is within 300 metres of any existing warehouse or industrial-use, must be accompanied by an Amenity Impact Plan that responds to the Existing Industrial Uses with Adverse Amenity Potential Incorporated Document and which includes, as appropriate: (CZ 1.09)

- Measures to mitigate potential amenity impacts from any concrete batching plants within 300m of the land to acceptable levels. [PPPS]
- Measures to mitigate potential amenity impacts from any existing industrial or warehouse use referred to in the table in Clause 52.10 [PPPS]
- A site plan that identifies the type and nature of any industrial or warehouse uses surrounding the site within the threshold distance referred to in the table in Clause 52.10 and any permits granted for the upgrade or expansion of industrial warehouse such uses. [PPPS]. (CZ 1.09)

- A site plan identifying the type and nature of the concrete batching plants within 300m of the land. [MP3]
- An assessment of the impact of the proposed sensitive use on any existing industrial or warehouse uses referred to in the table in Clause 52.10 [PPPS] (CZ 2.09)
- An assessment of the impact of the proposed sensitive use on the concrete batching plants within 300m of the land. [MP3]
- An assessment of the amenity impact of nearby port operations, freight routes or major transport infrastructure on the proposed sensitive uses. (CZ 2.09)
- Measures proposed to mitigate potential amenity impacts of any existing industrial or warehouse uses referred to in the table in Clause 52.10 [PPPS] [existing concrete batching plants MP3] or port, freight or offshore transport infrastructure on the proposed sensitive use, to within acceptable levels. (CZ 2.09)
- Incorporation of noise attenuation measures (internally and externally) [PPPS] in accordance with Australian Standard 2107 and SEPP N- 1. (CZ 4.09)

- An application to use land for an industry or warehouse must be accompanied by the following information, as appropriate: (CZ 2.09)
  - The purpose of the use and the types of processes to be utilised. (CZ 2.09)
  - The type and quantity of goods to be stored, processed or produced. (CZ 2.09)
  - How land not required for immediate use is to be maintained. (CZ 2.09)
  - Whether a Works Approval or Waste Discharge Licence is required from the Environment Protection Authority. (CZ 2.09)
  - Whether a notification under the Occupational Health and Safety Regulations 2017 is required, a licence under the Dangerous Goods Act 1985 is required, or a fire protection quantity under the Dangerous Goods (Storage and Handling) Regulations 2012 is exceeded. (CZ 2.09)
  - The likely effects, if any, on the neighbourhood and the urban renewal of Fishermans Bend, including: (CZ 2.09)
    - Noise levels. (CZ 2.09)
Permit requirement

A permit granted for a sensitive use on land within 450 metres of the South Melbourne to Brooklyn pipeline or the Dandenong to West Melbourne pipeline or within 100 metres of the Port Melbourne to Symex Holdings pipeline as shown on Map # must include a condition requiring that before development including demolition starts, a construction management plan addressing the protection of the pipeline must be prepared in consultation with the operator of the pipeline and submitted to and approved by the responsible authority.

Exemption from notice and review

An application for the use of land is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act. [CCZ 2.0p23]

This exemption does not apply to an application to use land for a nightclub, tavern, hotel or adult sex bookshop. [CCZ 2.0p24]

Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 37.04, in addition to those specified in Clause 37.04 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority: [CCZ 2.1p25]

- If a dwelling is proposed, whether the proposal: [CCZ 2.0p26]
  - Delivers dwelling diversity and dwelling density that aligns with the population targets and provision of community infrastructure. [CCZ 2.0p27]
  - Creates an activated ground floor, particularly in core areas. [CCZ 2.0p28]
  - Provides home-offices or communal facilities that support ‘work from home’ or ‘mobile’ employment. [CCZ 2.0p29]

- The impact the proposal has on the realisation of employment targets, ensuring that employment uses are maximised and safeguarded in core areas well serviced by public transport. [CCZ 2.0p30]

- Whether the use provides for employment uses in line with targets set out in the Fishermans Bend Urban Renewal Area Local Policy. [CCZ 2.0p31]

- Temporary uses of land not immediately required for the proposed use. [CCZ 2.0p32]

- If a dwelling is located within a buffer area to the Port of Melbourne, whether the intensity of use is appropriate to its location. [CCZ 2.0p33]

- Whether the proposal incorporates appropriate measures to mitigate against adverse amenity from existing industrial or warehouse uses referred to in the table to Clause 52.10. [CCZ 2.0p34]

- Whether a Public Benefit is proposed to be delivered as part of the use.

- The views of the pipeline licensee in respect of a permit application to use land for a sensitive use where the land is within:
  - 450 metres of the South Melbourne to Brooklyn or Dandenong to West Melbourne pipeline as shown on Map #; or
3.0 Subdivision

The subdivision of land must be generally in accordance with Maps of this schedule. This requirement does not apply to an application for the subdivision of land in accordance with a planning permit for buildings and works issued before the approval date of Amendment GC81.

Permit requirements

The following requirements apply to subdivide land:

- The layout of the subdivision must make provision for any new roads, streets or, laneways or public open space[PPPS] generally in accordance with Maps #1 (LZ 1.0p2).
- Car parking areas are not to be retained in a single or a consolidated title as common property, unless the responsible authority is satisfied that this requirement is not required. (LZ 1.0p1)

These requirements do not apply to a subdivision of land in accordance with a planning permit for buildings and works issued before the approval date of Amendment GC81.

Application requirements (CCZ 3.0p4)

The following application requirements apply to an application for a permit to subdivide land under Clause 37.04-3, in addition to those specified in Clause 37.04 and elsewhere in the scheme and must accompany an application, as appropriate, to the satisfaction of the responsible authority:

- The location of abutting roads, services, infrastructure[PPPS] and street trees. (LZ 1.0p6)
- Information which demonstrates how the subdivision makes provision for the roads, streets, laneways[PPPS] and open spaces[PPPS] generally in accordance with the relevant Maps of this schedule. (LZ 1.0p7)
- Information which demonstrates how the subdivision will allow for the transition of car parking spaces to alternate uses over time. (LZ 1.0p8)
- A layout plan, drawn to scale and fully dimensioned showing:
  - The location, shape and size of the site. (LZ 1.0p9)
  - The location of any existing buildings, car parking areas and private open space. (LZ 1.0p10)
  - The location, shape and size of the proposed lots to be created. (LZ 1.0p12)
  - The location of any easements on the subject land. (LZ 1.0p13)
  - Any abutting roads. (LZ 1.0p14)
  - Any proposed common property to be owned by a body corporate and the lots participating in the body corporate. (LZ 1.0p15)
- A land budget showing the extent of land provided as a Public Benefit. (LZ 1.0p16)

Exemption from notice and review

An application for the subdivision of land is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act. (LZ 1.0p17)
Decision guidelines

The following decision guidelines apply to an application for a permit to subdivide land under Clause 37.04-3, in addition to those specified in Clause 37.04 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority: (CCZ.3.0p18)

- Whether the layouts of streets, laneways and open space are consistent with those shown in Map 2 and Map 3 of this schedule.
- The contribution the proposed subdivision makes to a fine grain precinct, and pedestrian and bicycle permeability. (CCZ.3.0p20)
- Whether the proposed car parking areas are designed for future adaptation or repurposing of land in line with the future provision of public transport. (CCZ.3.0p21)
- Where the application to subdivide land provides for residential development, the objectives of Clause 56. (CCZ.3.0p22)
- Whether the subdivision provides for the necessary utilities infrastructure to service the development of the subdivided parcels, and allows for shared trenching. (CCZ.3.0p23)
- Whether any proposed staging of development is appropriate. (CCZ.3.0p24)
- Impacts the subdivision may have on landscape opportunities along street frontages, particularly for large canopy trees. (CCZ.3.0p25)
- Whether the subdivision can accommodate an appropriate building envelope. (CCZ.3.0p26)
- Whether a Public Benefit is proposed to be delivered as part of the subdivision.

Existing industrial and warehouse uses

The application requirements, conditions on permits and permit requirements for subdivision do not apply to an application for subdivision associated with a continuing lawful use of land for industry or warehouse.

In considering whether a permit should be granted for the subdivision of land associated with an ongoing existing use of land for industry or warehouse, the Responsible Authority must consider, as appropriate:

- The impact of the proposed subdivision on the amenity of the future urban renewal area;
- Whether the grant of the permit will prejudice the achievement of orderly development of the future urban structure for the area;
- The extent to which the subdivision will facilitate an important ongoing use of the land during the transition from an industrial area to a high density mixed use precinct;
- Whether the subdivision supports the continued operation of an existing industrial use which will facilitate the urban renewal of Fishermans Bend.

4.0 Buildings and works

The construction of a building, and the carrying out of works, must be generally in accordance with the relevant Maps of this schedule.

This requirement does not apply to an application to amend a permit issued before the approval date of Amendment GC81.

Permit requirements

A permit must not be granted or amended to construct a building or construct or carry out works in respect of on land shown as a new road, street or laneway on the relevant Map in the schedule until an agreement made under section 173 of the Planning and Environment Act...
A permit must not be granted to construct a building or construct or carry out works in respect of any part of an land shown as new public open space on the relevant Map of this schedule until an agreement made under section 173 of the Planning and Environment Act 1987 has been entered into by the landowner, Responsible Authority and the local council (if not the Responsible Authority) which must provide for the transfer or vesting of the land in the local council as public open space at no cost to the local council.

A permit must not be granted to construct a building or construct or carry out works where the vehicle access points and crossovers (not including openings for a road) are located along roads designated as "no cross overs permitted" in the relevant Map of this schedule, unless no other access is possible.

A permit allowing a sensitive use on land within 450 metres of the South Melbourne to Brooklyn pipeline or the Dandenong to West Melbourne pipeline or within 100 metres of the Port Melbourne to Symex Holdings pipeline as shown on Map # must include a condition requiring that before development starts, including demolition, a construction management plan addressing the must be submitted to and approved by the responsible authority. The plan must be endorsed by the operator of the relevant high pressure pipeline.

**Floor Area Ratio**

A permit must not be granted to construct a building or construct or carry out works with a **Floor Area Ratio** in excess of the **Floor Area Ratio** in Table 1 unless:

* An agreement made under section 173 of the Planning and Environment Act 1987 has been entered into between the landowner, the Responsible Authority and the local council (if not the Responsible Authority) which must provide for a Public Benefit.

* For a permit amendment, the extent of non-compliance with the **Floor Area Ratio** in Table 1 is not increased.

</tbody>
</table>

**Application requirement**

An application to construct or extend a building of four or less storeys must, where the building includes two or more dwellings, be accompanied by a design response and report explaining how the proposed design meets the objectives of Clause 55.

**No permit required**

No permit is required to construct a building or construct or carry out works for the following:

- The construction or modification of a waste pipe, flue, vent, duct, exhaust fan, air conditioning plant, lift motor room, skylight, security camera, street heater or similar minor works.
- An addition or modification to a verandah, awning, sunblind or canopy of an existing building.
- External works to provide disabled access to a building or works that complies with legislative requirements.
- Building or works which rearrange, alter or renew a plant area if the area or height of the plant equipment is not increased.
- Bus and tram shelters required for public purposes by or on behalf of the Crown or a public authority.
A permit granted to construct a building or to construct or carry out works, other than alterations and additions to an existing building or buildings and work for an existing use, must include conditions which require the following:

- Prior to the commencement of buildings and works, evidence must be submitted that demonstrates the project has been registered to seek a minimum 4 Star Green Star Design and As-Built rating (or equivalent) with the Green Building Council of Australia. \(\text{[CZ 4 p23]}\)

- Prior to the occupation of the building, evidence must be submitted that demonstrates the building can achieve a minimum 4 Star Green Star Design Review certification (or equivalent). \(\text{[CZ 4 p24]}\)

- Within 12 months of occupation of the building, certification must be submitted that demonstrates that the building has achieved a minimum 4 Star Green Star Design and As Built rating (or equivalent). \(\text{[CZ 4 p25]}\)

- Installation of a third pipe for recycled water to supply non potable uses within the development for toilet flushing, fire services, irrigation, laundry and cooling, unless otherwise agreed by the relevant water authority. \(\text{[CZ 4 p25]}\)

- Provision of an agreed building connection point from the third pipe designed in conjunction with the relevant water supply authority to ensure readiness to connect to a future precinct-scale recycled water supply. \(\text{[CZ 4 p26]}\)

- Provision of a rainwater tank:
  - with a minimum capacity of 0.5 cubic metres for every 10 square metres of catchment area to capture rainwater from 100% of suitable roof rainwater harvesting areas;
  - fitted with a first flush device, meter, tank discharge control and water treatment with associated power and telecommunications equipment approved by the relevant water authority.

A permit granted to construct a building within 50 metres of a potential future metro alignment shown on the relevant Map of this schedule, must also include a condition to the effect that: \(\text{[CZ 4 p26]}\)

- Prior to the commencement of buildings and works, plans must be submitted to the satisfaction of the responsible authority in consultation with Transport for Victoria showing that the proposed building footings and foundations will not compromise delivery of the proposed future metro alignment. \(\text{[CZ 4 p27]}\)

Where a new road, street or laneway is proposed on the land, and the road, street or laneway is not funded through an Infrastructure Contributions Plan, a permit must include a condition requiring an agreement to be made under section 173 Agreement of the Planning and Environment Act 1987 between the landowner, the responsible authority and the local council (if not the responsible authority) which provides for the:

- Construction of the new road, street or laneway to the satisfaction of the Responsible Authority and the relevant road management authority; and

- Transfer of the new road, street or laneway to, or vesting in the relevant road authority as a public road at no cost to the relevant road authority.

Demolition or removal of buildings requirements

A permit is required to demolish or remove a building or works, except for:

- The demolition or removal of temporary structures. \(\text{[CZ 4 p28]}\)

- The demolition ordered or undertaken by the responsible authority in accordance with the relevant legislation and/or local law. \(\text{[CZ 4 p28]}\)
Before deciding on an application to demolish or remove a building or works, the responsible authority must consider any need for a condition requiring an agreement made under section 173 of the Planning and Environment Act 1987 to be entered into by the landowner and the Responsible Authority and the local council (if not the Responsible Authority) to the effect of requiring:

- Temporary buildings or works on the vacant site should it remain vacant for six months after completion of the demolition. ([CZ 4(9)])
- Temporary buildings or works on the vacant site where demolition or construction activity has ceased for six months, or an aggregate of six months, after commencement of the construction. ([CZ 4(9)])
- Temporary buildings or works may include:
  - The construction of temporary buildings for short-term retail or commercial use. Such structures shall include the provision of an active street frontage. ([CZ 4(9)])
  - Landscaping of the site for the purposes of public recreation and open space. ([CZ 4(9)])

**Application requirements**

The following application requirements apply to an application for a permit under Clause 37.04, in addition to those specified in Clause 37.04 and elsewhere in the scheme and must accompany an application, as appropriate, to the satisfaction of the responsible authority:

- A written urban context report documenting the key planning influences on the development and how it relates to its surroundings. ([CZ 4(9)])
- A design response, detailing how the proposal responds to the Fishermans Bend Urban Renewal Area Local Policy and how the design makes provision for the streets, laneways, and open spaces, generally in accordance with the relevant map of this schedule. ([CZ 4(9)])
- A 3D digital model suitable for insertion into the Responsible Authority's interactive city model. ([CZ 4(9)])
- An assessment and report detailing how the proposal responds to the Fishermans Bend Urban Renewal Area Local Policy.
- An assessment and report of the proposed floor area ratio and if the proposed floor area ratio exceeds the Floor Area Ratio in Table 1 of this schedule, details of the Public Benefit and the additional floor area that is and/or, additional floor area not to be used for Dwelling is to be provided. ([CZ 4(9)])
- An application for buildings and works associated with accommodation, dwelling, motel, residential aged care facility, retirement village, residential village, residential hotel, hostel, child care centre, education centre, or located within 100 metres of a freight alignment shown in the relevant Map of this schedule or located within 100 metres of the West Gate Freeway or which does not meet the threshold distance from industrial or warehouse uses referred to in the table to Clause 52.10 or located within 300 metres of an existing Industry, the concrete batching plans referred to in the table to Clause 52.10 must be accompanied by the following information to show how the development is designed to protect future occupants from potential adverse amenity impacts, including:
  - Incorporation of noise attenuation measures in accordance with Australian Standard 2107 and SEPP N-1. ([CZ 4(9)])
  - Measures to protect against the impacts of vibration, light pollution, and odours and poor air quality. ([CZ 4(9)])
  - Any technical or supporting information necessary, prepared by suitably qualified professionals, including: ([CZ 4(9)])
Exemption from notice and review

An application to demolish or remove a building or to construct a building or construct or carry out works is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act.

Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 37.04-4, in addition to those specified in Clause 37.04 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority:

- **Whether the proposal responds satisfactorily to the Fishermans Bend Urban Renewal Area Local Policy:**
  - Whether the layouts of streets, laneways and open space are consistent with those shown in the relevant Maps 2 and Map 3 of this schedule.
  - How the proposal contributes to establishing sustainable transport as the primary mode of transport through integrated walking, cycling and pedestrian links.
  - Whether the development compromises the function, form and capacity of public spaces and public infrastructure.
  - Whether the proposal delivers design excellence, and contributes to creating a range of built form typologies.
  - Whether the building design at street level provides for active street frontages, pedestrian engagement and weather protection.
  - Whether the proposal delivers a diversity of households and housing typologies, and provides the necessary community infrastructure and facilities.
  - Any impacts to the future metro train alignment and potential future elevated freight alignment.
  - Whether the proposal includes appropriate mitigation measures to protect: against off-site amenity impacts (associated with existing concrete batching plants) [MP59]
  - The proposed 4 Star Green Star Design and As-Built rating (or equivalent).
  - Whether appropriate sustainable water, waste and energy management is proposed.
  - Where only part of a site is developed, whether an agreement made under section 173 of the Planning and Environment Act 1987 has been entered into between the landowner, the Responsible Authority and the local council (if not the Responsible Authority) to ensure that the **floor area ratio** across the **whole of the site** will not...

PORT PHILLIP (PPPS) MELBOURNE (MPPS) PLANNING SCHEME
COMBINED CCZ - REVISION PANEL CONSOLIDATED DAY 1 VERSION
BASED ON MINISTER'S PART A VERSION WITH PARAGRAPH NUMBERS ADDED

- If a public benefit is proposed: [CCZ 4.0p6]
  - The appropriateness of the value of the public benefit(s) commensurate to the increase in floor area ratio sought. [CCZ 4.0p6]
  - The management and maintenance of the public benefit(s). [CCZ 4.0p7]
  - How the public benefit will be delivered in a complete and timely manner. [CCZ 4.0p6]

- The views of Transport for Victoria for any proposal to construct a building, other than alterations and additions to an existing buildings that are within 50 metres of a potential future elevated freight route shown in the relevant Map to this schedule to ensure the proposed building location and access points will not compromise construction of the future freight route. [CCZ 4.0p9]

- Whether residential development includes floor plate layouts and servicing strategies that demonstrate a future capacity to allow one and two bedroom dwellings to be combined and adapted into three or more bedroom dwellings. [CCZ 4.0p9]

- Whether residential development of four or less storeys meets the objectives of Clause 55.

Existing industrial and warehouse uses

The application requirements, conditions on permits and permit requirements for buildings and works do not apply to an application for buildings and works associated with a continuing lawful use of land for industry or warehouse.

In considering whether a permit should be granted for the buildings and works associated with an existing use of land for industry or warehouse, the Responsible Authority must consider, as appropriate:

- The impact of the proposed buildings and works on the amenity of the future urban renewal area;
- Whether the grant of the permit will prejudice the achievement or orderly development of the future urban structure for the area;
- The extent to which the buildings and works will facilitate an important ongoing use of the land during the transition from an industrial area to a high density mixed use precinct;
- Whether the buildings and works support the continued operation of an existing industrial use which will facilitate the urban renewal of Fishermans Bend.

Advertising signs

A permit is required to construct and display a sign except for: [CCZ 5.0p1]

- Advertising signs exempted by Clause 52.05-4. [CCZ 5.0p2]
- Renewal or replacement of an existing internally illuminated business identification sign. [CCZ 5.0p3]
- A home occupation sign with an advertisement area not more than 0.2 square metres. [CCZ 5.0p4]
- A direction sign where there is only one to each premises. [CCZ 5.0p5]
- [In core areas as shown on the relevant Map of this schedule, a] [PPPS] [A] [MPPS] business identification sign, bed and breakfast sign, home occupation sign, or promotion sign,

BASED ON MINISTER'S PART A VERSION WITH PARAGRAPH NUMBERS ADDED

that have a combined total advertisement area to each premises not exceeding 8 square metres. (CCZ 5.096)

• [In core areas as shown on the relevant Map of this schedule, an (PPPS) [An (MPS)] internally illuminated sign of no greater than 1.5 square metres and the sign is not above a verandah or more than 3.7 metres above pavement level. The sign must [also (PPPS)] be more than 30 metres from a residential zone or pedestrian or traffic lights. (CCZ 5.09)]

• [In core areas as shown on the relevant Map of this schedule, a (PPPS) [A (MPS)] non-illuminated sign provided no part of the sign protrudes the fascia of the building. (CCZ 5.08)]

Exemption from notice and review

An application to construct and display a sign is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act. (CCZ 5.099)

Definitions

The following definitions apply for the purposes of interpreting this schedule:

**Active frontage street** is a street shown as 'Primary active frontage' or a 'Secondary active frontage' on the relevant Map to this schedule.

**Core area and non-core area** are those area identified on the relevant Map.

**Floor area ratio** means the gross floor area divided by the gross developable area.

**Gross developable area** means the total site area, including any proposed road, laneway and public open space.

**Gross developable area** means the area of the proposal land, including any proposed streets or laneways, new public open space and land for community infrastructure funded under an approved contributions plan or public (benefit) plan.

**Gross floor area** means the area above ground of all buildings on a site, including all enclosed areas, services, lifts, car stackers and covered balconies. Dedicated communal
residential facilities and recreation spaces are excluded from the calculations of gross floor area. Voids associated with lifts, car stackers and similar service elements should be considered as multiple floors of the same height as adjacent floors or 3.0 metres if there is no adjacent floor.\(^{(i)}\)

New public open space is land identified in the relevant Map of this schedule as new public open space.\(^{(i)}\)

Public Benefit means the provision of Social Housing to the following for the benefit of the community to the satisfaction of the Responsible Authority:\(^{(i)}\)

* Open space which is not identified on the relevant Map of this schedule;
* Social Housing;
* The provision of the nominated Community Infrastructure in the location shown on the relevant Map of this schedule:

Social Housing has the same meaning as in the Housing Act 1983.
