- Protection and conservation of wildlife and habitat
- Hunting of wildlife
- Offences and penalties relating to wildlife

Comment

I am really hoping for much greater protection of our very valuable wildlife. Animal abuse is rife towards our vulnerable & precious native wildlife, and they really need our utmost protection, not licences issued to slaughter them, & heads put in the sand about their abuse. Our country has an extremely bad reputation as a country that murders wildlife for profit from greedy industries, and allows farmers & pet food companies to very cruelly slaughter our precious kangaroos, and many other species. Licences are issued to slaughter wombats, emus, dingoes & other iconic animals, the koalas habitat is being destroyed by greedy developers at a rate that is going to see them extinct. If nobody will be strong enough to say this is enough, our precious native wildlife will just be a memory for generations to come. Please protect our wildlife & impose harsh penalties for those that don't. Our wildlife & their future are at your mercy & we don't seem to have any government departments who care. Everybody is in each other's pockets & it's all about how much money can be made. Please afford much greater protection for our wonderful animals & help people live alongside them & not be given permission to murder them at any opportunity, or make a profit from their slaughter or abuse. I really hope I see this in my lifetime 🙏🙏🙏🙏🙏 Thank you
