Comments: In response to the Yarra River - Bulleen Precinct Land Framework Plan, I would like to see more access bridges from the Yarra trail west side of the river to the east side of the Yarra River south of Manningham Rd. Where the former Bulleen Drive in is located would be a good access point for such a bridge. Also, I would like to see more barbecues and facilities (toilets and child play area) built along the Yarra River to create better community connection in the area. At the moment this area on the west side of the Yarra River, south of Manningham Rd is disconnected from the community and feels desolate. I live close to this area and have a 4 year old daughter, but due to the poor accessibility and lack of attractions, we have not explored or spent any time there.
