My submission:

The Act should be amended to include provision for a time frame for consent, which should be 24-72 hours from request, depending on whether it is a standard request or a safety related request, with consent being implied after this time frame.

The Act should also be amended to allow modifications relating to family violence to be done without the need for consent, the need for removal at the end of the lease, and the request for any additional bond.

I totally believe that these things should be implemented!
