

**YAN YEAN ROAD UPGRADE**  
STAGE 2

# Feedback Form

## **Our commitment to consultation**

We're continuing to plan for the projects that will improve the way you travel around the local area into the future.

While some of our traditional face-to-face consultation needs to take a break for the time being, there are still many ways to share information and provide input into the development of Yan Yean Road Upgrade – Stage 2.

You've received this feedback form because we want to hear from you. This feedback form is also available online at [bigbuild.engage.vic.gov.au/yyr](https://bigbuild.engage.vic.gov.au/yyr)

We appreciate your understanding at this time and look forward to working with you on the development of this important project.

If you have any additional feedback or require assistance to participate in consultation, call **1800 105 105** or email [contact@roadprojects.vic.gov.au](mailto:contact@roadprojects.vic.gov.au)

## This project will:

**Improve traffic flow and travel times**

**Make it safer for you to walk and cycle around your local area**

**Lower the risk and severity of crashes**

**Better connect you to local schools, shops and public transport**

We're upgrading Yan Yean Road to help get you home safer and sooner.

Stage 2 of the Yan Yean Road Upgrade will continue upgrading Yan Yean Road from Kurrak Road, Yarrambat to Bridge Inn Road, Doreen.

Your feedback is important to us and will help us understand what you think about the refinements we've made to the design. Your feedback will guide us in finalising the design for the exhibition of the Environment Effects Statement (EES) documentation in August 2020.

## Tell us a bit about you

Before you complete this feedback form, take the time to review the new design options being considered for Bridge Inn Road and Jorgensen Avenue, and the new roundabout at Youngs Road. We would also like your feedback on any environmental and amenity considerations for the project.

\*Email:

---

*\*Your email will not be used for marketing purposes. We'll only send you email updates for Yan Yean Road Upgrade.*

What's your interest in Yan Yean Road Upgrade - Stage 2?

*Tick all that apply*

- Landowner
- Resident
- Business owner
- Work in area
- Student
- Community group representative
- Road user
- Public transport user
- Cyclist
- Pedestrian
- Other:

Are you the owner of a business or the owner/occupier of a property located in the project area?

- Yes
- No

If yes, please indicate which of the following applies to you.

*Tick all that apply*

- Owner non-occupier
- Owner occupier
- Tenant
- Business owner

Address of property (if applicable):

---

Address of business (if applicable):

---

Tell us what you like and what you don't like about the design options we've developed for the project.

### Youngs Road intersection

During the development of the project, we heard that better heavy vehicle and trailer access for businesses in Ashley Road and users of Yarrambat Park was an important consideration for the area. We'll install a roundabout at Youngs Road to improve U-turns for those exiting Ashley Road, as well as those wanting to access Yarrambat Park and the Yarrambat Park Golf Course with a large trailer.

What do you think about the new roundabout at Youngs Road?

---

Project overview map for Yan Yean Road Upgrade – Stage 2

### Bridge Inn Road intersection

We know that the two River Red Gums at this intersection are important to many local community members. The design we showed you in 2018 (Option A) impacted these two significant trees. We've worked hard to come up with new design options that will allow us to build around these two trees while also providing a safer and improved intersection for road users.

To view the options and find out more about the benefits and considerations made for each option, read the Bridge Inn Road fact sheet on [bigbuild.engage.vic.gov.au/yyr](https://bigbuild.engage.vic.gov.au/yyr)

What feedback do you have about Option A?

---

---

---

---

What feedback do you have about Option B?

---

---

---

---

What feedback do you have about Option C?

---

---

---

---

Is there anything we need to consider in our updated design for the Bridge Inn Road intersection?

---

---

---

---

### Jorgensen Avenue intersection

In 2018, we showed you a design that proposed building a roundabout at the intersection of Jorgensen Avenue and Yan Yean Road. Since then, we've completed further technical investigations and are now also considering installing traffic lights as an alternative to a roundabout.

To view the options and find out more about the benefits and considerations made for each option, read the Jorgensen Avenue fact sheet on [bigbuild.engage.vic.gov.au/yyr](https://bigbuild.engage.vic.gov.au/yyr)

What feedback do you have about Option A?

---

---

---

# Tell us what makes your local area special to you

We want to understand what you love about Yarrambat and Doreen, so we can make sure the unique look and feel of the area is front of mind while we develop a landscape strategy for the project. You'll get another opportunity to have a say on landscaping once the EES documents are publicly exhibited.

## Bridge Inn Road

Some of our design options create some opportunities to landscape near the two River Red Gum trees. What would you like to see at this intersection?

---

---

---

---

---

## Timber reuse

How would you like to see timber that is removed for the project repurposed to benefit the local community? This could include sculptures, benches, habitat logs, timber and mulch donation to local community groups or natural play spaces.

---

---

---

---

---

## Thank you

Thank you for taking the time to complete this feedback form. Your feedback will help to shape the design and landscape strategy that's currently being developed for the EES.

Please photograph or scan your completed form and email it to [contact@roadprojects.vic.gov.au](mailto:contact@roadprojects.vic.gov.au). A copy of this survey is also available online via our engagement hub at [bigbuild.engage.vic.gov.au/yyr](http://bigbuild.engage.vic.gov.au/yyr)

## Landscaping

Planter boxes, native trees and vegetation. What type of planting and plant species make your local area feel like home? What would you like to see more or less of?

---

---

---

---

---

## Streetscaping

What would you like to see as part of the project? This could include public art, street furniture or natural play spaces.

---

---

---

---

---

Are there any other comments you'd like to make about Stage 2 of the Yan Yean Road Upgrade?

---

---

---

---

---

You'll have another opportunity to comment on the design and landscape strategy during the public exhibition of the EES in August 2020.

To stay informed about the project, the EES process and upcoming consultation opportunities, we encourage you to sign up to receive email updates and check the project website regularly at [roadprojects.vic.gov.au/yyr](http://roadprojects.vic.gov.au/yyr)
