Comment

I have been told by Nick Wakeling MP , that duck hunting provides an economic benefit to regional communities. What a pathetic country we live in where we allow the slaughter of our wildlife, so that money can be made from it. The SSAA and Fowl Talker websites are full of disturbing comments and photos of slaughtered ducks next to guns. Some quotes ; Dream Hunt , Cultural Tradition, 2 birds not enough to provide meat for a family meal (haven't these men heard of a Supermarket). Absolute rubbish and not acceptable. Killing ducks usually begins in March, while there are ducklings still hatching. These men take delight in killing a defenceless bird. It is disgusting, cruel and has to stop
