Dear Tim

GMTOAC Letter dated 26 April 2018

I have become aware that GMTOAC provided a letter dated 26 April 2018 expressing support for the proposed aquaculture development at Dutton Way.

GMTOAC is not in the position to provide letters of support for major commercial developments without the benefit of a full consultative process with our corporate members and Gunditjmara traditional owners.

The role of GMTOAC as a prescribed body corporation under the Native Title Act 1993 only has provision of addressing future act notifications under the Act.

GMTOAC will continue its involvement as a Registered Aboriginal Party under the Aboriginal Heritage Act 2006 with the Cultural Heritage Management Plan process currently underway with Aboriginal Victoria – Department of Premier and Cabinet leading the evaluation process.

Please withdraw the GMTOAC letter dated 26 April 2018 from any permit and planning application processes currently before relevant commonwealth, state and local government authorities and from any promotional media that Yumbah Aquaculture may have employed.
