**Comments:** It would be wonderful if you could link up a bike track and path at Banksia Park with the Bike tracks and paths at the park along the Yarra at Eaglemont by improving the tunnel under Manningham Road and creating new bike paths and walking paths to create these links. Currently people have to ride or walk alongside a busy road on a very narrow footpath that is up against Manningham road until they get to the Greenery nursery and then ride or walk through the tunnel to get to Eaglemont Parks. If you do this we will be able to have a direct link to paths that take us to Melbourne CBD. This would benefit the community in major ways.
