How do you think we should improve the FFG Act?	<p>1. The "Consultation Paper" that you are asking people to read before submitting feedback is 70 pages. Will the average person read a 70 page document?</p> <p>2. There have been an increase in illegal firewood collection across the State. If native veg removal is to be added to this Act, then there needs to be associated powers to enforce it, and prosecute offenders (can be a bit of a toothless tiger).</p> <p>3. Although covered by the animal cruelty Act, maybe there could be a link to between the 2 Acts to increase prosecution capabilities against people who harm native animals</p>
