

# Submission Cover Sheet

Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 359

---

Request to be heard?: No

**Full Name:** Lewis Strating

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** Non-renewable energy sources are anachronistic and the concept of destroying a pristine landscape, negatively effecting thriving vegetable industries and dislodging radioactive and potentially cancer causing substances for something that will not be needed in 50 years is incredibly short sighted.
