

# New stations for Greater Bendigo

The Victorian Government is delivering new stations at Goornong, Huntly and Raywood to give people in these growing communities access to public transport close to where they live.

The new stations will be delivered as part of the Bendigo and Echuca Line Upgrade.

By coordinating the two projects, we can deliver efficiencies and minimise disruption to the local community.

Each new station will include:

- a single-sided platform
- lighting, seating and shelter
- signage, CCTV and public address (PA) system
- car parking with lighting and CCTV.

The delivery of the new Huntly Station has been fast-tracked by nearly a year and is targeted for completion in mid-2022.

The new stations at Goornong and Raywood are on track for completion in late 2021 and late 2022.

### Who is responsible?

Rail Projects Victoria (RPV) is responsible for the planning and delivery of the project on behalf of the Victorian Government.

### Bendigo and Echuca Line Upgrade, including new stations at Goornong, Huntly and Raywood

#### Electronic train orders

from Bendigo to Swan Hill and Echuca

#### Track upgrades

between Epsom and Echuca

#### Level crossing upgrades

between Eaglehawk and Bendigo

#### New stations

at Goornong, Huntly and Raywood

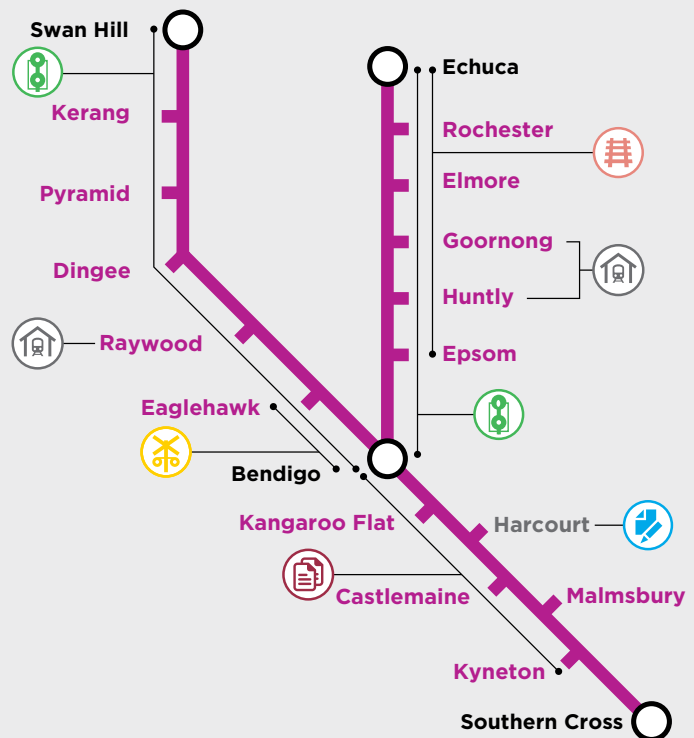

#### Business case

for track upgrades between Bendigo and Kyneton to deliver trains every 40 minutes in the off-peak

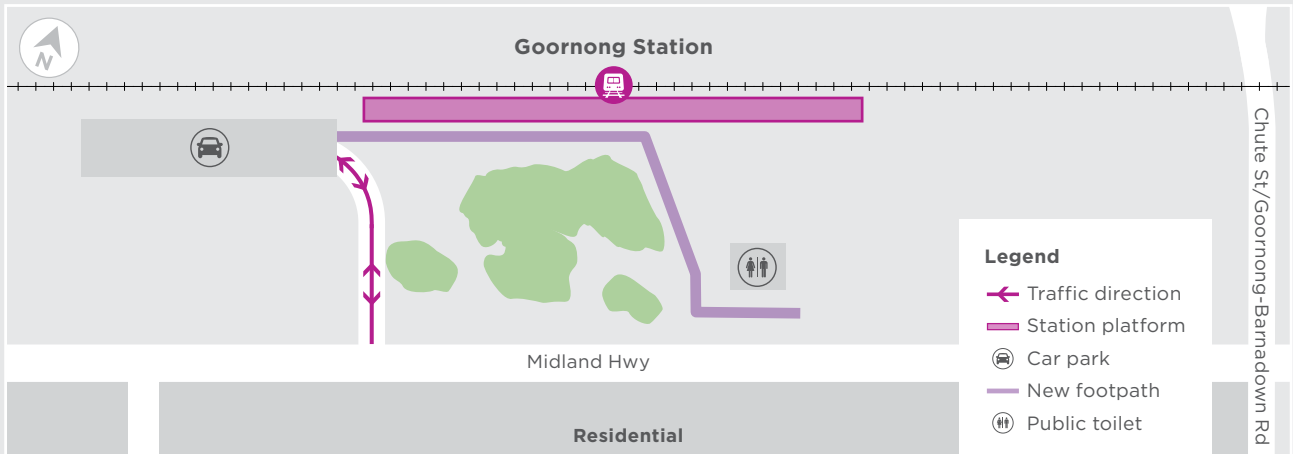

#### Planning study

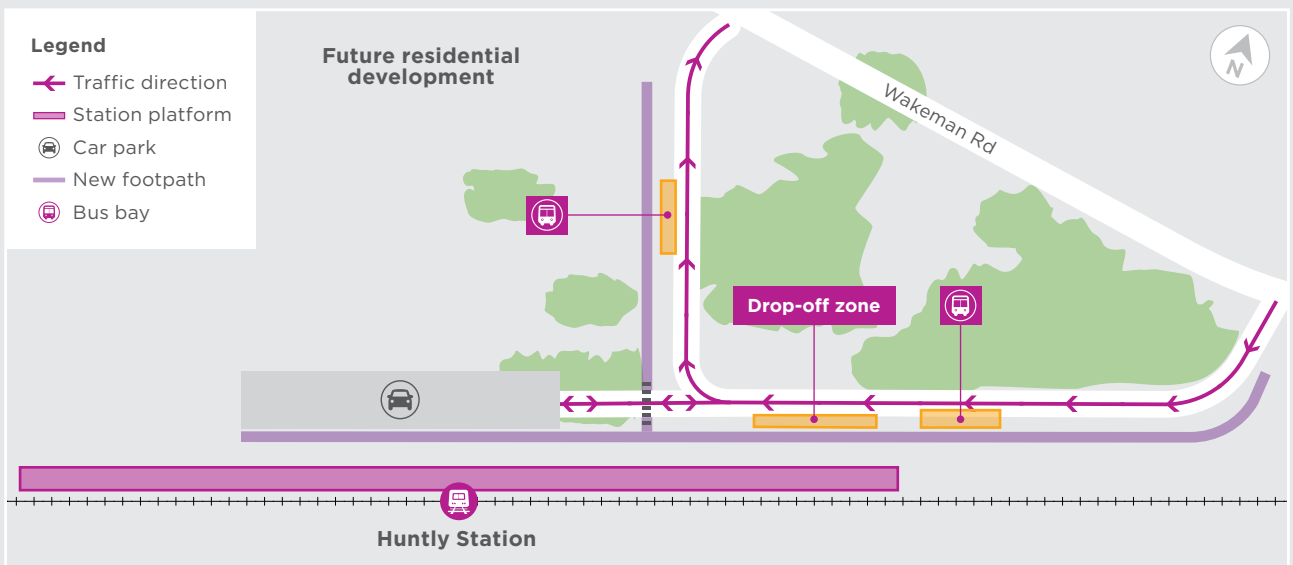

for the reopening of Harcourt Station

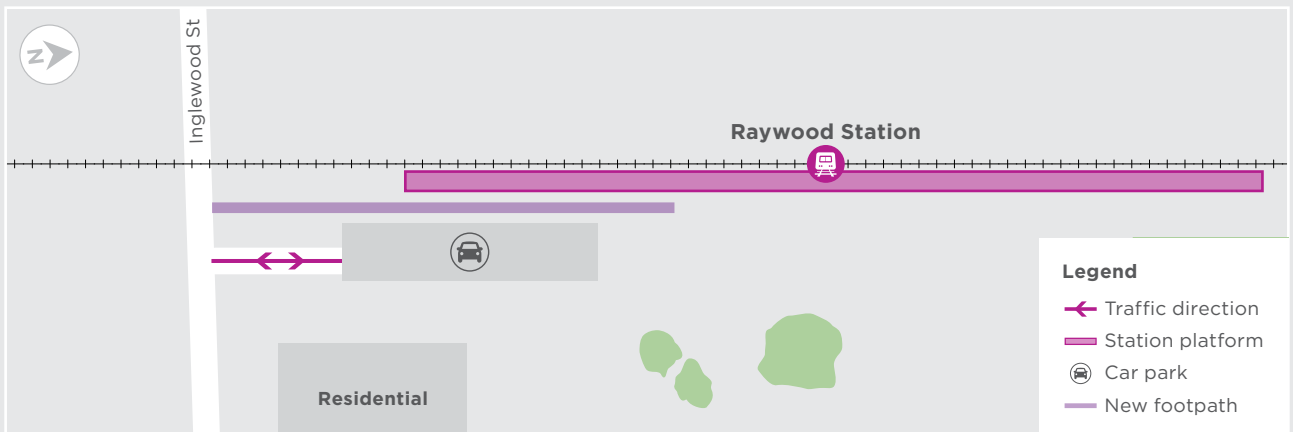

**Goornong Station** — the new station will be located between the Midland Highway and the rail line in Goornong, to the west of Chute Street/Goornong-Barndown Road.

**Huntly Station** — the new station will be located to the north of the railway line adjacent to the Wakeman Road level crossing.

**Raywood Station** — the new station will be located to the east of the railway line adjacent to the Inglewood Street level crossing.
