

DAL Submission

Additional to the questionnaire:

3 AUGUST 2021

My wife and I have owned a residence in Barwon Heads since 1993 and moved here full time in 2013. I am a member of the Save Barwon Heads Alliance.

I fully support the DAL. Indeed I think something like this well over due to protect remaining areas of high quality environmental significance. The ordinary laws that regulate development more generally, which may well be appropriate for "normal" areas, cannot protect areas of significant environmental value such as Barwon Heads by itself, leaving it to committed locals to do the job.

It then becomes just a matter of time, since those who stand to make large profits will keep coming back every time when it comes up for review , with the locals having to put up exhaustive campaigns each time.

We need the DAL to correct this imbalance.
