

SUBMISSION IN RESPONSE TO THE DRAFT BELLARINE PENINSULA SPP

I am responding to your letter concerning the Draft Bellarine Peninsula Statement of Planning Policy.

I am in complete agreement with the vision of this draft.

My husband and I are long term residents (nearly 40 years) of the township of Portarlington and are deeply attached to it. We do not want to lose the character of the town which can be easily lost by the insidious process of incremental change.
