Re: Long service benefits portability Interim Regulations.

To whom it may concern,

The Queenscliffe Neighbourhood House Committee of Management are writing this letter to provide feedback on the proposed changes to the Long Service Benefits Portability Regulations which support the Long Service Benefits Portability Act 2018.

Our singular concern about the scheme is what happens to funds that Neighbourhood Houses contribute to the authority that are not drawn upon by our employees? We would like assurances within the Regulations that those funds be returned to Neighbourhood Houses and not to state revenue.

Yours Sincerely,

Jacinta Farrugia
Chair of Queenscliffe Neighbourhood House
