Comments: It is my understanding that it is proposed that our property is to be compulsory acquired to provide further access to JL Murphy reserve. I believe that JL Murphy Reserve already has ample access. There is also an existing walk way to the north of 9a/339 Williamstown Port Melbourne which is able to be utilised for further access to JL Murphy reserve if deemed necessary. This will be a more organic solution for further access similar to the little lanes in the CBD which locals and tourists love. You don't want to recreate the same mistakes of the souless docklands. This will be fiscally responsible and not force unwilling sellers to have their properties compulsory acquired. The surplus funds saved will be able to go towards higher priorities in Fishermans Bend.
