Comments: Hi, I am a resident/ owner at Yarra's Edge (YE). The Fisherman's Bend draft framework proposes to a tram bridge over the Yarra River at YE. I am opposed to this bridge for the following reasons: - loss of lifestyle are the marina - devaluation of properties - increased traffic/ less car parking for our visitors & to local restaurants - increased noise & visible pollution - damage to the natural wildlife and environment in the area - loss of the open grass space in the YE area - loss of the community feel when a tram is entering through the middle of our residential area For the above mentioned reasons, I strongly advise the Fishermans Bend Planning Review Panel to recommend that draft planning scheme amendment GC81 be opposed and to seek a more appropriate option to the transport needs of fishermans bend. For further information please do not hesitate to contact me on 0438 752 336 Kind regards, Rebecca Chapman
