

**Permit and Application Data**

1. Approximately 13,109 dwellings are included in current permit applications. By precinct the total dwelling numbers are:
  - a. Wirraway – 2983 dwellings
  - b. Sandridge – 1109 dwellings
  - c. Montague – 4350 dwellings
  - d. Lorimer – 4667 dwellings
  
2. This represents 45% of the remaining 28890 dwellings that are needed to accommodate 80,000 people (after approved dwellings are taken into account). If all current permit applications in Montague are approved, 83% of the dwelling target for Montague will be delivered even though a significant number of sites still available for redevelopment. Further, if all current permit applications in Lorimer are approved, 101% of the dwelling target will be reached. A summary of the dwelling targets and the % of that target that would be met by the approved and pending applications by precinct is shown below.

|           | Population target | Dwelling target | Existing No. of approved dwellings | % of target already approved | Pending no. of dwellings in current permit applications | Approved and Pending no. of dwellings | % of target in pending applications | % of target dwelling in approved and current permit applications |
|-----------|-------------------|-----------------|------------------------------------|------------------------------|---|---------------------------------------|-------------------------------------|--|
| Wirraway  | 17,600            | 6,822           | 712                                | 10%                          | 2,983   | 3,695                                 | 44%                                 | 54%  |
| Sandridge | 27,200            | 13,737          | 1,673                              | 12%                          | 1,109   | 2,782                                 | 8%                                  | 20%  |
| Montague  | 23,200            | 10,311          | 4,180                              | 41%                          | 4350  | 8530                                  | 42%                                 | 83%  |
| Lorimer   | 12,000            | 5,882           | 1,300                              | 22%                          | 4,667   | 5,940                                 | 79%                                 | 101%   |

NB. Table above relates to Ministerial permits only.  
 NB. Dwelling numbers listed exclude serviced apartments and/or hotel units.
