**Comments:** I am a resident at Yarra's Edge (YE) . The fisherman bend draft framework proposes a tram bridge over the Yarra River at YE. I am opposed to this brdige for the following reasons. - Loss of lifestyle -Marina viability -Devaluation of properties - Traffic - Noise and visual pollution - Wildlife - Environmnet - Loss of community - Litigation For these reasons, I strongly advise the Fishermans Bend Planning review panel to recommend that draft planning scheme amendment GC81 be opposed and to seek a more appropriate option to the transport needs of Fishermans Bend. Thank you for the opportunity tp respond to the draft framework. zilei he 14/12/2017
