MELBOURNE VIC 3000

Dear Ms Grivas

Mordialloc Bypass Project – Environmental Effects Statement (EES) Inquiry and Advisory Committee

We act for the Kingston City Council (**Council**) in relation to this matter.

We refer to the Council's request to be heard at the EES Inquiry and Advisory Committee (**IAC**) Hearing and advise that Council has engaged seven experts, as below. Subject to the IAC Chairperson's direction, and any late availability changes, we envisage the experts will be called in the order listed. We set out some availability issues and have, with respect, presumed it unlikely that our client's experts would be heard before 1 March 2019.

EXPERT DETAILS	AREA OF EXPERTISE
Maddy Bisits, Spiire	Landscape design
Tim Biles, Message Consultants	Urban design and strategic planning
Lance Lloyd, Lloyd Environmental <i>Not available 5 and 6 March.</i>	Ecology (specifically Wetlands)
Ross Leo, Clarity Acoustics	Acoustic engineering
Chris Smitt, EHS Support <i>Not available 5 March</i>	Hydrogeology
Warwick Bishop, Water Technology	Hydrology

EXPERT DETAILS	AREA OF EXPERTISE
Richard Loyn, Eco Insights <i>Not available 1 March.</i>	Ecology (fauna, specifically birdlife)

We confirm that we expect it will take two and a half days for Council to put its submissions and evidence to the IAC Hearing.

We would be grateful if the email addresses of myself (asherman@rk.com.au) and Miss Chloe Hall (chall@rk.com.au) could be placed on the circulation list for the IAC process.

Yours faithfully

RUSSELL KENNEDY
