

Submission 5

1. What is your level of knowledge of mine rehabilitation in general?

Am unfamiliar.

2. What is important to you when you think about the rehabilitation of the Latrobe Valley coal mines?

That there is a public benefit from the final landform.

3. What do you feel are the most important things Government can do as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Provide a clear and transparent process for rehabilitation.

4. What do you feel are the most important things the coal mine operators can do as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Be clear about their intentions from the start. Will public access be possible?

5. What do you feel are the most important things community and stakeholders can contribute as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Access to good information backed up by robust science.

6. How would you like to be engaged in the rehabilitation process for the Latrobe Valley Brown Coal mines?

At fully catered community open days with free alcohol and a jumping castle.

7. Overall, do the principles outlined in Section 4 of the LVRRS Overview meet your expectations (considering the important issues you identified above)?

Neither agree nor disagree.

8. Are there any changes you would suggest to the proposed principles outlined in Section 4 of the LVRRS Overview? If so, please provide a short explanation as to why you have suggested these changes.

No response provided.

9. Are there any specific elements of the LVRRS Overview that were not clear, or need further information to be provided in the LVRRS?

No response provided.

10. Do you have any further comments on the LVRRS Overview?

No response provided.
